Professional Summary

Information Systems student at BYU's Marriott School of Business with hands-on experience in customer success, workflow automation, and product-focused development. Teaching assistant for IS 581: Managing a Software Startup, with a track record of identifying user needs, coordinating cross-functional solutions, and building tools that solve real problems.

Education

Brigham Young University - Marriott School of Business Provo, Utah
Bachelor of Science in Information Systems. Association for Information Systems. GPA: 3.62. *Expected Apr 2028*

Experience

Business Development and Customer Success Mar 2026 – Oct 2026
EZsalt *SaaS Startup*

- Supported approximately 100 customer accounts through weekly check-ins, product questions, and technical troubleshooting to improve retention and renewals.
- Coordinated customer training meetings and partnered with customer success management to address concerns and reach resolutions.
- Automated 75% of follow-up workflows in HubSpot, improving CRM consistency and reducing repetitive administrative work.
- Cut meeting prep time from 5-10 minutes to 1-2 minutes using AI research and recap workflows, saving 1+ hour daily across a three-person sales team.
- Researched 300+ prospect accounts weekly with AI-assisted tools and generated an average of 2 meetings daily through calls, visits, and email sequences.

Teaching Assistant, IS 581: Managing a Software Startup Sep 2026 – Present
Brigham Young University - Marriott School of Business

- Review student projects, provide feedback, and grade coursework on managing a software startup.
- Help develop a Software Startup Simulation that teaches validated learning through product, technical, marketing, and resource decisions.

Projects

Starrboard github.com/Lotstarr/starrboard-demo 2026
Developer

- Built an AI-assisted command center for school deadlines, reading plans, and tasks; developed a private app with API integrations and a separate public fictional demo using Next.js, React, and TypeScript with browser-local data.

Custom Athlete Websites tyholmstead.com 2026
Founder

- Building recruiting websites for high-school athletes featuring stats, highlight film, schedules, and coach contact information.

Cougar Crossing lotholmstead.com/projects/cougar-crossing/ 2026
Developer

- Built and deployed a BYU-themed browser game with a rendered field, keyboard and on-screen controls, and yard tracking using Canvas and Socket.IO; multiplayer synchronization is in progress.

Personal Portfolio Website lotholmstead.com 2026
Developer

- Designed, built, and deployed a responsive Astro site with GitHub Actions, GitHub Pages, a custom domain, and a contact form.

Activities & Leadership

The Church of Jesus Christ of Latter-day Saints, Philippines Aug 2022 - Aug 2024
